### PRINCIPAL'S MESSAGE

*I am delighted to associate myself with the august institution of AAR Mahaveer Engineering College, as its principal since Nov 2019. The ever changing industry demands the students to be multi-disciplinary talented with right skills. This makes an institution more responsible in nurturing the students in that direction. With this objective in view, our college conducts many programmes aimed at skill development of the student. My sincere thanks to the entire faculty for conducting such useful programmes and I appreciate and congratulate the students for making the best use of these programmes. I take this opportunity to congratulate the editorial team of the newsletter for bringing it out in such a beautiful fashion. I am sure it will serve its purpose of disseminating information well. Assuring you of the same kind of guidance and leadership in future too*

— Principal

### FROM EDITOR'S DESK

*It gives me immense pleasure to bring out volume-10, Issue- 1 of AARM News Letter. This News letter broadcasts the information of AARM Mahaveer Engineering College and showcases the talents of students and staff. This issue offers a panoramic view of the academic, co-curricular and extra curricular activities of the college. I take this opportunity to thank everyone who has contributed in bringing out this issue. The Editorial team thanks all its patrons for their support and encouragement in this endeavour.*

The 70th Republic Day of India was celebrated with gaiety and patriotic fervor at Mahaveer Engineering College on 26th January 2020, where in all the colleges belonging to the Mahaveer Group of Institutions participated. Sri. Appala prasad garu, State Convenor, Samajika Samarasatha Vedika graced the function as the Chief Guest and hoisted the flag in the presence of Smt. S. Jayalakshmi, Chairperson, Shri S. Surender Reddy, Secretary, Shri S. Dhanunjaya Reddy, Jt. Secretary and the Principals, Heads of the Departments, faculty, staff members and students of all the constituent colleges of the Group. The flag hoisting was followed by the march past and cultural activities performed by the students. The Chief Guest in his address reminded the students of the responsibilities they bear and stressed that they should make the country proud by diligently discharging them. He also reiterated the need for respecting our environment and making it clean and healthy. There after, prizes were given away to the academic toppers and the winners in the essay writing, elocution and quiz competitions

***Speakers during their presentations***

One day seminar on “Career Opportunities and Trainings” was conducted for final year students of all branches of our college. The seminar is aimed at helping students to identify available job opportunities and equip them with the necessary technical skills and knowledge. Dr. C.K.Rani, HoD & Convenor of the seminar highlighted the objectives and importance of the seminar in identifying career opportunities and necessary trainings.

Dr. S. Murali enthralled the students with inspiring speech citing real life examples. A team of experts made presentations throwing light on career development strategies, job opportunities, technical skills and trainings required in their respective fields.

Dr HSN Murthy, Academic Director in his address stressed on the need for the students to acquire additional skills and knowledge beyond curriculum in order to make them competent enough to compete with others in the job market.

## Guest lecture on Nanotechnology for Photonics-Moulding the flow of light

*Shri Dr. BVR Tata delivering lecture*

The modern education system has made guest lectures an important part of their learning strategies. Guest lectures by experts enable students learn specialised topics in an effective way. With this objective in view, a guest lecture on 'Nanotechnology for photonics: Moulding the flow of light' by Dr. BVR Tata, Professor, School of Physics, University of Hyderabad for the students of all branches of first year and ECE department was organized on 08/02/2020. A presentation on the detailed overview of Photonic crystal, their fabrication in labs and how these crystals can control the light propagation as well as their applications in varied fields was made by the speaker, which was followed by interaction with the students.

## GUEST LECTURES ON 'M.S.OFFICE AND MS-EXCEL'

Dr. T.R.Srinivas, HOD, Department of Computer Science & Engineering, delivered two lectures on “M.S.Office” and “MS-EXCEL” on 15/2/2020 and 19/2/2020 respectively for non-teaching staff of Arts college, Osmania University in connection with Hr. Refresher training program at UGC-UPE Bureau of Human Resources, Osmania University.
